

Symposium in “Autoimmunity and Autoimmune Diseases “

Date : November 15, 2025 – 09:00 to 17:30 hours

Venue : KIIT Deemed to be University, Bhubaneswar-751024

This symposium aims to shed light on the multifaceted nature of autoimmune diseases affecting millions of people worldwide, leading to chronic health conditions. It will explore the burden of chronic autoimmune conditions and their impact on public health, while providing insights into how research on the immune system contributes to broader medical applications. Discussions will also delve into the interplay between genetics and environmental factors in disease onset, as well as the development of targeted therapies and innovative drug approaches. Furthermore, the symposium will highlight scientific breakthroughs and cross-disciplinary learning that drive progress in healthcare and inspire future innovations.

Through expert lectures, discussions, and knowledge sharing, the symposium will foster new ideas, encourage collaboration, and inspire innovation in the field of autoimmune research. It also aims to emphasize the public health significance of autoimmune diseases and the need for effective treatment strategies to improve patient outcomes.

We cordially invite you to participate in this event and contribute to the collective effort of advancing knowledge and treatment strategies in autoimmunity. Apart from the formal sessions, the conference would offer ample networking opportunities, thus enabling the attendees to forge meaningful connections, establish collaborations, and exchange perspectives with peers and experienced researchers.

Conveners: **Prof. V.S. Chauhan, Chairman SPSF**
 Mr. Satyananda Mishra, Member Secretary (SPSF)
 Prof. Gopal C. Kundu, Director R&D KIIT
 Dr. B. Ravindran – CEO IMGENEX
